

Position Requisition

(Request to fill vacant Staff Positions)

Department heads should exercise prudent judgment in filling positions, with a focus on only filling positions that support the University's stated mission. A decision to fill a vacant position should take into account alternative considerations, such as the reassignment and restructuring of work and FTE requirement, along with fiscal resources. There is a particular emphasis on cost efficiency within administrative units. (See [Guidelines for Filling Staff and Hourly Positions.](#))

This form is required to fill vacant Staff positions not funded by "sponsored programs." The recruitment and selection process may not begin until the below approvals are obtained. Electronic submissions are preferred (Adobe Reader 8 or 9 required).
